

BXNGO

CONTEXTUAL & CONCEPTUAL GAMES

BXNGO is a series of Bingo-like games played on a 5x5 grid. These are educational family games suitable for all ages as well as people with dementia or Alzheimer's.

Players must determine concepts or contexts for language, math, shapes and other themes.

You play on a 5x5 grid, matching tiles with attribute cards. Like BINGO, the first player to get five tiles in a line wins. Other ways to play are available such as having to match all tiles.

OPTIONS

Several versions and tiles sets are available for different requirements.

Order by choosing boards and mix and match components (parts).

Choose from Magnetic or Wooden Boards.

Basic instructions for several ways to play are included. Full instructions are found online as players feedback new rules.

You can also choose from preassembled sets:

Deluxe BXNGO comes with two 8x8 boards and sets of tiles and cards. The 1/8-inch tiles are 1 inch square

Magnetic BXNGO uses a magnetic board and thin, 1-inch magnetic tiles. Ideal for travel.

Tabletop BXNGO requires no board. Tiles and cards are 2-inches square.

For Custom Orders

We can create a custom order based on your requirements.

New Themes

If you have a new theme in mind, we might be able to create it for you.

Themes

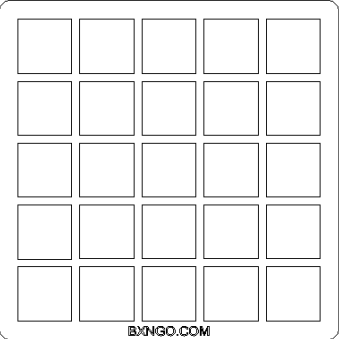

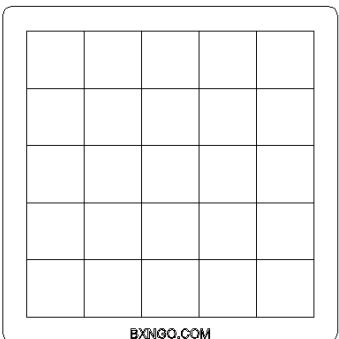

Bxngo has a variety of themes.

Theme	Summary	# Tiles	# Cards
Visual	Match images to attributes. Flip over tiles that match an attribute card, for example: BLUE SHOES, ROUND BERRY, FLAT PAPER.	100	50
Words	Make words from fragments. Make 3-letter words from fragment tiles and letter cards, eg B+IG or MI+X.	100	25
Math	Solve simple equations using pairs of numbers and flip a matching tile, for example [2] and [7] will match 9, 14, or 5.	80	40
Shapes	Match shapes by flipping tiles that match an attribute card, eg RED SQUARE, ANY TRIANGLE, BLUE HEART.	80	20
Foods	Match food images with attributes. Like Visual Bxngo using images of foods and their attributes, eg LIME is SOUR, CHERRY is RED, MILK is DAIRY.	55	20
Geography	Match geography terms and about the world, such as OTTAWA in CANADA, OIL from SAUDI ARABIA, DOLLAR used by the USA.	100	40
Animals	Match animal images with attributes from the animal kingdom, eg RABBIT is a MAMMAL, TOUCAN has FEATHERS, WHALE is AQUATIC.	80	30

Game Boards

Bxngo can be played on a wooden or magnetic board. Boards are about 8 inches square. Each player gets their own board.

Alternatively, you can play without the boards, just with the tiles and attribute cards on a table.

<p style="text-align: center;">Deluxe Board</p> 	Wooden Grid	Uses wooden tiles that are 1/8 thick and fit inside a tactile grid.	\$5
<p style="text-align: center;">Magnetic Board</p> 	Magnetic Grid	Uses tiles that are thin, made from flexible magnetic sheets and fit on board. Great for travel.	\$7

Game Parts
